PROFESSIONAL SUMMARY

Motivated postgraduate student in Computer Science focusing on Data Science. I have a solid background in artificial intelligence, data analytics, and software development. I am experienced in building data-driven applications using Python, Flask, SQL, Power BI, and NLP techniques. I demonstrate strong analytical thinking, research skills, and teamwork abilities, with hands-on project experience in web scraping, sentiment analysis, large document processing, and dashboard development. I am seeking opportunities to apply my technical and research skills to solve real-world problems.

EDUCATION

- **NIELIT Ropar** Ropar, Punjab
M.Sc. in Computer Science (Specialization in Data Science) July. 2020 – May. 2023
- **Government College, Ropar** Ropar, Punjab
Bachelor of Computer Applications (BCA) July. 2023 – May. 2025

SKILLS

- **Programming Languages:** Python
- **Frameworks:** Flask
- **Data Analysis:** Data Analytics
- **Machine Learning / AI:** Artificial Intelligence
- **Tools:** Power BI, DBMS, MS Office, Canva
- **Development:** Android Development

PROJECTS

- **Attendance Management System (Android Application):** Developed an Android-based attendance management system using Java. The application enables efficient recording and management of attendance data, providing role-based access and secure data handling to streamline academic attendance processes.
- **ID Card Generation System:** Developed a system to automate the creation and management of digital ID cards. The application allows secure data entry, storage, and retrieval of user information, and generates standardized ID cards, improving efficiency and reducing manual effort.
- **Smart Appointment Management System:** Designed a smart appointment management system to schedule, track, and manage appointments efficiently. The system reduces scheduling conflicts, improves time utilization, and streamlines appointment handling through an organized and user-friendly interface.

CERTIFICATES

- **Golden Educational Institute** Ropar, Punjab
Certificate Course in C & C++ Language Dec 2020 – Mar 2021
 - : Completed a certified course in C and C++ programming with Grade B+, focusing on core programming concepts and practical implementation.
- **Arsh Institute of Information Technology & Research LLP** Rupnagar, Punjab
Diploma in Computer Application (DCA) Apr 2022 – Apr 2023
 - : Successfully completed a one-year diploma in Computer Applications with Grade A (77%), covering fundamental computer and application skills.
- **CodeChef** Online
Learn Python Programming Feb 2025
 - : Completed all lessons and projects in Python programming, strengthening problem-solving and programming fundamentals.
